

# Romana's S16/17 Duplicate

approx. yardage

worsted

Cast on 50 stitches. Each end seems to have 49 tassels of single colors (2 strands each). The color order of the tassels is noted at the ends of the pattern. Row numbers in parentheses have not been verified but are logical guesses. They are likely incorrect. In most cases, Romana's scarf has fewer rows than the real S16/17.
